

FREE SEMINAR

“Growing Orchids”

ATLANTIC DESIGN CENTER

Saturday, June 11 at 10:30 am

in the Eldredge Lumber Building, 627 US Rt 1, York, Maine

Bob Cleveland, a charter member and a two term President of Maine Orchid Society, will be our presenter. He is currently the American Orchid Society’s representative to the Maine Orchid Society.

His interest in orchids started in the mid 1970’s when he and his wife had an orchid that wouldn’t bloom and he discovered that artificial lighting was the answer.

Bob now grows many rare species of orchids and has developed several of his own hybrids. Some of them have been registered with the Royal Horticultural Society in England. He has also won seven national awards for plants in his collection.

Bob is active in both the Maine and New Hampshire Orchid Societies and markets his plants at Orchid Shows throughout New England and on line. He will also bring some of them to sell at his presentation.

Don’t miss this opportunity to learn from an expert, who has been growing orchids for over 40 years!

Please Make Reservations

Space is limited, so please make reservations by email to: mclaesson@eldredgelumber.com or by calling: **207-363-3004**
